

## COMPLETE RETURNS ASSURES PREUS THE NOMINATION

### ADMINISTRATION CONVENTION AT SAN FRANCISCO

SO FAR NO OPPOSITION TO THE ADMINISTRATION HAS BEEN DISCERNIBLE

BUT W. J. BRYAN IS ON HIS WAY WHEN OPPOSITION WILL BE BETTER SPORT

ED L. KEEN.  
(United Press Staff Correspondent.)

San Francisco, June 23.—This is an administration convention so far.

Not only have most of the early arrivals been ardent administration supporters but all the pre-convention machines and a greater part of the convention activities have been directed by them.

Such anti-administration rumbles as have served to disturb the serenity of the Wilson campaign at the Palace hotel have come outside and have had no more effect than yesterday's earthquake at Los Angeles—even including anti-Wilson attacks submitted by Wm. McCombs, Wilson's former campaign manager at Chicago.

Most of the leaders on the ground agreed, or at least pretended to agree, entirely with Homer Cummings' characterization of McCombs' utterances such as "negligible factor" and other words. The President is generally regarded by the advance representatives of the party now in San Francisco as their leader and Cummings as his mouthpiece.

But there are others on the way—considerable others including Wm. Jennings Bryan. Until the arrival of the latter it is not expected that administration baiting will assume the dignity of popular sport.

Why Bryan has delayed his appearance is the subject of much speculation granting that he is to play the part of chief of anti-administration forces, as he is bound to find pro-administration sentiment pretty well dug in, and certain pro-administration publicity are organizing.

He is also very apt to find a fight on his hands that may interfere with the successful prosecution of many campaigns he may have framed against the enunciation of the Wilsonian principles for it was reported today that Senator Gilbert Hitchcock, of Nebraska, has finally framed a deal whereby Bryan would not be named as state representative on the resolutions committee.

Among the administration leaders were the cordial supporters of Postmaster General Burleson, who declared at San Antonio yesterday in favor of "an honest stand on all clear issues now confronting the country". And among delegates favoring, regardless of individual views, the league of nations, prohibition, labor, government ownership, etc. sentiment is crystallizing appreciably in the direction of such clear pronouncement of party principles as will obviate any possible charge of "straddling".

### LOS ANGELES HAS ANOTHER QUAKE

(By United Press)  
Los Angeles, Calif., June 23.—Another earthquake shook Los Angeles at 4:29 today. The shaking was violent enough to awaken sleepers but did no appreciable damage to property.

### RECOMMENDS CONTINUANCE IN CHURCH MOVEMENT

(By United Press)

Buffalo, N. Y., June 23.—Recommendations that the Northern Baptist church continue its relationship with the Interchurch World Movement, was made by D. C. Shull, of Sioux City, Iowa, president, in his address opening the convention here today.

Should the Baptists withdraw from the movement, President Shull recommended that protestant denominations unite in some other way.

### Widow of Turfman Who Was Mysteriously Slain in His New York Home

Mrs. Helen Elwell

This photograph of Mrs. Helen Elwell, widow of Joseph B. Elwell, wealthy turfman, club member and international authority on bridge whist, was taken the day after he was found mysteriously slain in his New York apartment. She had not seen him in four years, she said, and declared: "No, I am not sorry my husband is dead. How could I be? He has brought me nothing but sorrow." Mrs. Elwell is living in New York with her fifteen-year-old son.

### PITCHED BATTLE RAGING IN STREETS OF LONDONDERRY

MANY DEAD AND WOUNDED ARE REPORTED LYING IN THE CITY STREETS

(United Press)

London, June 23.—The Telegraph today received a dispatch from Londonderry, Ireland stating that a pitched battle had been raging in the streets of that city since last night and many dead and wounded were lying in the streets.

### MCADOO CANDIDACY WILL NOT DOWN

FRIENDS WILL NOMINATE HIM NOTWITHSTANDING HIS DECLINING TO RUN

(By United Press)

San Francisco, June 23.—The McAdoo candidacy bears marks of rough treatment, and with irrevocable brick still tied about its neck, was back from a premature watery grave today and mewing as loudly as ever about the democratic back door.

Every time its tormentors consigned it to death—and that includes McAdoo himself—the candidacy just naturally turns up again and friends and protectors hasten to unspack the pulmotor, put a little oxygen into it and it is as good as new.

The situation regarding McAdoo's nomination varies almost hourly, but so far it has almost resolved that certain of the former cabinet members, still admirers, will take the bit in their teeth and nominate him by main strength.

### URGES THE BOARD TO EXPEDITE WAGE AWARD

(By United Press)

Washington, June 23.—President Wilson today sent a telegram to Barton, chairman of the railroad labor board, urging him to expedite the award of the board on the wage controversy now before it.

### COLBY HAS NOT DISCUSSED THIRD TERM WITH WILSON

(United Press)

Chicago, June 23.—Secretary of State, Colby, has not discussed a third term with President Wilson, he declared on his arrival here from Washington today.

Colby, who is delegate to the democratic national convention from the District of Columbia, is credited with being President Wilson's personal representative at the San Francisco convention.

### FOUR INDICTED FOR CONSPIRACY TO DEFAUD THE GOV'T.

(By United Press)

New York, June 23.—Charles E. Murphy and four other men were indicted on charges of conspiracy to defraud the federal government by a federal grand jury today.

Besides Murphy the following were indicted: James E. Smith, assistant district attorney; John A. McCarthy, Arthur J. Baldwin and Ernest Waldon.

Waldon is an official of the Corn Products Co. which is also accused of conspiracy and indicted. The indictments charge violation of the excess profit tax law.

### ALLIED PREMIERS ADJOURN MEETING

WITHOUT TAKING STEPS TO SOLVE PROBLEMS ARISING OUT OF LATE WAR

(By Henry Wood)

United Press, Staff Correspondent.  
Paris, June 23.—The latest allied conference had passed into history today without having taken any measures to settle the problem facing the world as a result of the late war.

The question of reparations was left to economic experts from various countries, who will meet early in July to draft a proposal for submission to the general allied conference to be held at Spa.

These experts will also consider the question of disarmament, destruction of German war material and resumption of airplane manufacturing.

It was understood the allies have information from premier of Greece that German troops will be permitted to advance from Smyrna in order to check the aggression of the national str forces.

No British warships will be sent to the Dardanelles.

Daily Thought.

Trust men and they will be true to you; treat them greatly and they will show themselves great.—Emerson.

### WILL HAVE 15,000 PLURALITY OVER DR. SHIPSTEAD

OTHER CANDIDATES ENDORSE BY CONVENTION ARE ALSO SUCCESSFUL

EXCEPT SUPREME JUDGE H. DIBELL, WHO IS THIRD IN THE RACE

(By United Press)

St. Paul, June 23.—Candidates endorsed by the republican state convention were still leading in practically complete returns today. A number of small county precincts are still missing.

J. A. O. Preus, for governor, had a lead of more than 15,500 over Dr. Henrik Shipstead, nonpartisan candidate.

Louis Collins, for lieutenant governor, was leading G. H. Mallon, Nonpartisan, by more than 19,000.

Mike Holm, for secretary of state, was 22,000 ahead of A. M. Opsahl, his nearest competitor.

Thomas Vollon, Nonpartisan, was 70,000 behind Holm.

Henry Rines was more than 11,000 ahead of Charles A. Lund in the race for nomination for state treasurer.

The battle for nomination for attorney general was close. Clifford Hilton, incumbent, was less than 7,000 ahead of Thomas Sullivan, Nonpartisan opponent. Larson, Patterson and Smith votes were negligible.

O. P. B. Jacobson, railroad and warehouse commissioner, seeking re-nomination, was more than 35,000 ahead of Paul E. D. Oath.

L. C. Hodges, mayor of St. Paul, running for the democratic nomination for governor, was far ahead of the field. The standing of the six other candidates was switching around however, as new districts reported.

The order early today was: Hargadine, Quane, Andrist, Indrehus, Jaques and Thorson.

Thorson fell from third place late yesterday to the bottom of the heap early today.

Frank C. Burmaster forged ahead of B. M. Loeffler for the democratic nomination for secretary of state, but they were running close. Returns were very incomplete.

Judge Dibel Defeated

The Nonpartisan league apparently was successful in nominating Geo. Siegel, of St. Paul, for associated justice of the supreme court. Siegel was leading the field with only about half of the votes tabulated. Judge Albert Johnson, of Red Wing, was running up. The two highest in this race are considered nominated without party designation. H. Dibel, incumbent, was third, and Wm. Vanderburgh a poor fourth.

Preus Gaining Slightly  
St. Paul, June 23.—J. A. O. Preus today gained slightly in tabulating the votes for governor in the primary election Monday.

The vote in 2,645 precincts out of 3,195 in the state stood:  
Preus 124,956, Shipstead 109,845, Frankson 23,841.

Other contests were unchanged as the day wore on. Collins still leads Mallon for lieutenant governor. Hilton was still ahead of Sullivan for attorney general, but by less than 7,000 votes.

George E. Siegel was about 2,000 ahead of Judge Albert Johnson of Red Wing in votes for justice of the supreme court. Homer Dibel, incumbent, was about 6,000 behind Johnson and Vanderburgh trailing 20,000 behind Dibel.

### MRS. WINTERS ELECTED PRESIDENT OF FEDERATION OF WOMEN'S CLUBS

(United Press)

Des Moines, Iowa, June 23.—The general federation of women's clubs meeting here elected Mrs. Thomas G. Winters of Minneapolis president, according to announcement today.

Of the votes cast Tuesday Mrs. Winters received 770 votes against 471 cast for Miss Georgia Bacon of Worcester, Mass., Mrs. Winters' opponent.

As chairman of the Committee on Resolutions, Senator James E. Watson of Indiana presented to the Republican National Convention the platform on which his party will make its fight at the polls. He also was a member of the conference of conservatives who finally decided that Senator Warren G. Harding was the most acceptable compromise candidate. This photograph was taken while the Indiana senator was attending the convention.

### DARK HORSE TALK INCREASING

PREDICTION MADE OF A DEADLOCK BETWEEN PALMER AND COX FORCES

HUGH BAILLIE  
(Staff Correspondent United Press.)

San Francisco, June 23.—The democratic convention apparently faces a deadlock.

Leaders today declared that the Palmer and Cox forces would control more than 400 votes apiece with McAdoo not figuring, and that a compromise between them would be out of the question. With McAdoo in it, making three leaders instead of two, a compromise could not easily be arranged, it was argued.

As a result of this situation dark horse talk is increasing. Vice-President Marshall, Ambassador John W. Davis and Senator Robert Owen are most prominently mentioned.

The expected deadlock however will not carry the convention over the week end. Leaders are making reservations to leave San Francisco Saturday, July 3.

### VOLSTEAD DEFEATED BY REV. O. J. QUALE

WHO SAYS HE IS AS DRY, IF NOT DRIER, THAN VOLSTEAD—WETS NOT COMFORTED

(By United Press)

Benoni, Minn., June 23.—The man who defeated Andrew J. Volstead for the nomination for congressman from this district today said he was "as dry, if not drier, than Volstead".

Volstead is the author of the prohibition enforcement act.

His name is O. J. Quale—pronounced "Qualley."

"Will Wall street or the people rule the nation?" is his main campaign plank. He said he was against profiteering and against passing the sedition bill, which he said, Volstead voted for.

He is an Iowan by birth, and pastor of the Norwegian Lutheran church here. He was endorsed by the non-partisan league, but is not a member.

"I am a progressive republican and always have been," he said.

### ANOTHER THIRD TERM BOOM IS PUNCTURED

HUGH BAILLIE  
(United Press Staff Correspondent)

San Francisco, June 23.—Another artificial Wilson third term boom was punctured today.

"The man who wrote that, would make a good dime novel author," Chairman Homer Cummings of the democratic national committee, told the assembled correspondents. He referred to a story widely published on the Pacific coast that President Wilson would insist upon a third term nomination.

The story went on to say that Cummings had held a forty-five minute long distance telephone conversation with Secretary Tamm Monday night during which the subject was thoroughly discussed.

"The conversation was neither so extensive nor expensive," said Cummings. "The matter of a third term was not mentioned then nor has it been since."

### Farmer Killed By Runaway Team

Aberdeen, S. D., June 23.—Wm. O. Jones, age 55, a farmer living near here, was killed this morning while trying to hitch up a team of horses.

The team became frightened and broke away, knocking Jones down. The wagon passed over him crushing his head and causing internal injuries from which he died.

### New Use for Airplane Engine

A London factory owner believes himself the first to use an airplane engine as an ordinary power unit. Only a small part of the rated horse power is used.

### GLASS TAKING WILSON PLATFORM TO CONVENTION

HE IS SLATED FOR CHAIRMANSHIP OF THE RESOLUTIONS COMMITTEE

(By United Press)

San Francisco, June 23.—Platform conferences are to begin here among democratic leaders immediately after the arrival late today of Senator Carter Glass, of Virginia.

Senator Glass, who is slated to head the resolutions committee, is reported as bringing with him the draft of the platform bearing the approval of President Wilson. Glass conferred with the president before leaving Washington.

Mr. Glass' arrival will stimulate interest in three platform planks which may be disputed before the resolution, and perhaps before the convention. They are the league of nations, prohibition and Irish planks.

Wm. Jennings Bryan has served notice he will fight the administration force on both the league and prohibition issues. He declared that the democrats dare not go to the country on planks unqualifiedly endorsing the league as President Wilson submitted it to the senate.

### MYSTERY GIRL WILL RETURN TO NEW YORK

(By United Press)

Minneapolis, June 23.—Elly Hope Anderson, the "mysterious girl in black" of the Elwell murder puzzle, who was found at her home here yesterday, will return to New York to lay before District Attorney Swann all the information she has in connection with the strange death of Elwell, the New York turfman and whist wizard. "I shall be glad to tell them what I know," said Miss Anderson last night when informed that District Attorney Swann had announced he would send for her.

"I will be glad to give them any help I can."

Miss Anderson had received no message from New York early today. She told of breakfasting with Von Schlegel at about the time of the murder.

The time of the murder has been set by investigators at between 7:45 and 8 a. m. Miss Anderson gave the time of her breakfast with Von Schlegel as between 7:55 and 8:10 a. m. The house in which Elwell was murdered is on West 70th street, across the park from Von Schlegel's dwelling, and it would require more than half an hour to walk the distance, said Miss Anderson, and it would be a fifteen minute trip by automobile.

"I had dinner with Von Schlegel at the Ritz Carlton the evening before," Miss Anderson said, "and that was the first and last time I saw Elwell. Von Schlegel took me home quite early. He did not come in but bade me good night at 10 o'clock. He intended to go on a motor trip to Atlantic City the next day and asked me to drop in and have breakfast with him in the morning. Early the next morning I called at Von Schlegel's apartment and had breakfast with him."

Arrest of Murderer Soon  
New York, June 23.—Authorities investigating the murder of Joseph Elwell today expressed confidence they would be able to clear shortly the mystery.

A high official who was working on the case figured that definite evidence tending to lead directly to the person who did the shooting had been uncovered. He intimated an arrest might be made soon.

Another Third Term Boom is Punctured  
The story went on to say that Cummings had held a forty-five minute long distance telephone conversation with Secretary Tamm Monday night during which the subject was thoroughly discussed.

The conversation was neither so extensive nor expensive," said Cummings. "The matter of a third term was not mentioned then nor has it been since."

Local people driving to the Twin cities give the following advice as to roads to those contemplating the trip: Take the Jefferson highway to a point about four miles north of Royaltown, then detour into that village. Follow the highway to Rice cross to west side to go into St. Cloud. Leave the Granite City on the highway, but turn south before reaching the reformatory. This road follows a high line from St. Cloud into Monticello. There is no danger of getting off the road and auto drivers will find this stretch as smooth as a floor for all of the way to Monticello with the exception of about three miles. From Monticello cross back to Elk River. With a short detour at this point the driver strikes the paved road just a short distance out of town and from there into Minneapolis the road is paved.—Little Falls Transcript.

**BASEBALL BUNTS**

Seven hundred fans saw Melrose wallop Little Falls at the opening of the season in Little Falls Sunday. The Little Falls Transcript says Little Falls plainly had an "off day". Patterson was the bright particular star and more than any other man enabled Melrose to win. He got two runs, stole home, got a hit, two putouts, five assists.

Week day games in Little Falls will be straight 50 and 25 cents. No charge for grand stand.

In commenting on Sunday's game of Crosby and Clyde Iron Works at Duluth, the Duluth Herald paid a marked tribute to Morse of the Brainerd team who played left field for Crosby. "In the hitting division Morse of the visitors, showed like a champion, getting four singles in a row."

Cashion and Russ were named as among the deadliest hitters on the Clyde team.

In a weird evening game Little Falls barely won from Melrose 9 to 8. In the first four innings a score was made by each team. In the fifth and sixth Melrose annexed six runs. At the ninth it stood 8 to 6 in favor of Melrose. Young, pitching for Melrose, was hit 14 times while "Pop" Harder pitched for Little Falls and allowed ten hits. Little Falls had six errors and Melrose three.

Staples lost to Verndale 4 to 1.

Pine River was beaten 6 to 0 in its game with Park Rapids. During the game Pine River got one man to third and three to second.

**He Wants to Help Others**

"I had such an awful cold," writes Russell Deckwa, 831 Chestnut St., Topeka, Kan. "Foley's Honey and Tar Compound helped me wonderfully. I hope this reaches others and helps them as it did me." Get the genuine Foley's for coughs, colds, croup and whooping cough. H. P. Dunn. mwf

**Big Trade in Old Papers.**

A curious item of commercial news is that the east coast district of the island of Sumatra in 1918 imported \$80,835 pounds of "second-hand newspapers" from the United States. Imports of the same kind of merchandise from January 1 to September 1, of last year, were 572,585 pounds. The papers are wanted to cover young sprouts of rubber trees and sugar cane. The climate of the island is very hot—as might be surmised from the circumstance that the equator runs through the middle of it—and, to prevent the sprouts burning up in the fierce sunshine, sheets of paper are spread over them. Old newspapers serve the purpose very well, each sheet being held down with stones at the corners. In Hawaii the same method of protection is adopted, but in that archipelago sheets of rice paper, imported from Japan, are used.

**Evolution of Man Foreseen.**

In one of his recent lectures Sir Oliver Lodge, eminent English scientist, announced that the earth would probably continue to exist for 20,000,000 years more. These are, of course, round numbers. Some scientists estimate that the earth will live for ten times this age. There have been animals of one kind and another on this planet for fully this length of time. The dinosaurs are believed to have lived through some such period. The age of man, which is probably only a few thousand years, seems the merest trifle by comparison. When we consider how man has developed during recorded history, which is less than ten thousand years, we may hope that he will evolve to an infinitely finer type in the future.—Boys' Life.

**Rhubarb.**

A certain East side man was cutting the dock weed in his back yard with a scythe, and his eight-year-old son was watching, seemingly engrossed in thought. Presently he asked: "Papa, why does God make dockweed?" On receiving no satisfactory reply he set to thinking again. In a few minutes he looked up again with a smile all over his face. This was his explanation: "I'll bet God got mixed up when he was making things and thought this was rhubarb."—Indianapolis News.

## NET FROCK FOR SUMMER

This model is of plain net with an appliqued design in grapes and leaves. The girdle is of pink grosgrain ribbon fastened with a full blown rose; all in all a charming bit of lingerie.

DAILY DISPATCH ADS PAY

## GRAY NOW FAVORITE COLOR

Shade Reported to Be Rapidly Replacing Tan in Paris—Striped Goods Extensively Used.

Gray as a color for suitings is rapidly replacing tan in favor in Paris. From the yardage point of view, however, wools in tan color both in mixtures, in plain and in striped or plaid effects, are still big sellers. Navy blue is also much in demand in gabardine, serge and poplin. Fancy bures in bright yellow, in rose and in green are in demand for sport coats. Yellow bures marbled off in two-inch squares by one-quarter-inch stripes of black are popular, notably for sport coats. This same treatment of black lines used to mark off two-inch squares is also noted on gray grounds and on beige colored grounds, says the Dry Goods Economist.

Striped goods, notably neutral grounds striped in darker tone or in brilliant color, such as yellow, scarlet, blue or bright green, are extensively used for skirts worn with jackets in the plain color of the ground. Large checked effects in the same color combinations, namely of a neutral ground marked off into large squares by colored stripes, are also used in skirt and jacket suits in which the skirt is of the checked material, the jacket of the plain.

Scotch plaid coatings and bold checked materials usually in horse blanket plaid effects are very strong and are extensively used for coats.

## "Safety First" Better Known.

Today "safety first" is one of the most common expressions in the English language. Every one knows what it means and the principles it stands for.

## WHY SUFFER SO?

Why suffer from a bad back, from sharp, shooting twinges, headaches, dizziness and distressing urinary ills? Brainerd people recommend Doan's Kidney Pills. Could you ask for stronger proof of merit?

Mrs. H. Shields, 1207 Norwood St., Brainerd, says: "About three years ago I was troubled with my kidneys. They were weak and disordered. I was often awakened during the night and would have to get out of bed and walk around with my hands on my hips trying to ease the pain. I had large circles and puffy sacs under my eyes and felt unfit for anything in the way of work. I tried a good many remedies for relief but nothing did me any good, until I got Doan's Kidney Pills at Johnson's Pharmacy. The first few brought relief and when I had finished the third box I was as well as ever and have never been bothered since."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Shields had. Foster-McBury Co., Mfrs., Buffalo, N. Y.

## NEW

## Soda Season Service

Everything new but the door through which you enter. New soda products, new soda concoctions and a new soda service in this new soda season. Joy unconfined because of pleasure unbounded in the comfort and ease afforded by each pleasing drink. Make an early acquaintance with our fountain this year.

## Alfalfa.

Alfalfa receives its name from an old Arab word which means in English "the best kind of fodder." The plant looks something like clover and grows very rapidly. In fact it grows so quickly that three or four crops can be harvested during the summer.

## The Whole Secret of A Better Tire

Simply a Matter of the Maker's Policies

This you will realize—once you try a Brunswick—that a super-tire is possible only when the name certifies that the maker is following the highest standards.

For tire making is chiefly a matter of standards and policies—cost plus care. Any maker can build a good tire if he cares to pay perfection's price.

All men know Brunswick standards, for Brunswick products have been famous for 74 years.

Formulas, fabrics and standards vary vastly in cost. Reinforcements, plies and thickness are a matter of expense. And these variations affect endurance. It rests with the maker how far he wishes to go—how much he can afford to give.

For there are no secrets now patents to hold one back.

To ascertain what each maker offers one must analyze and test some 200 tires—as our laboratories have done.

Then it is a matter of combining the best features and building according to the highest standards.

Once you try a Brunswick you will understand how we have built model tires, regardless of factory expense.

Yet Brunswick Tires cost you the same as other like-type tires. Our saving is on selling cost, through our nation-wide organization.

We realize that you expect more from Brunswicks, and we assure you that you get it. ONE Brunswick will tell you the story.

And then you'll want ALL Brunswicks. No other tire, you'll agree, gives so much for your money.

## What Is Nuxated Iron?

Physician Explains—Says Public Ought To Know What They Are Taking—Practical Advice on What To Do To Build Up Your Strength, Power and Endurance and Increase the Red Blood Corpuscles.

The fact that Nuxated Iron is today being used by over three million people annually and that so many physicians are prescribing it as a tonic, strength and blood builder in weak, nervous, run-down conditions has led to an investigation of its merits by designated physicians and others whose reports should be of great importance to the public generally. Among these is the statement made by Dr. James Francis Sullivan, formerly physician of Bellevue Hospital (Outdoor Dept.) New York, and Westchester County Hospital, who says: "When one patient after another began asking my opinion of Nuxated Iron, I resolved to go thoroughly into the subject and find out for myself whether or not it possessed the real value claimed by its manufacturers and attested to by so many prominent people. This is exactly what I believe every honest, conscientious physician should do before prescribing or lending his endorsement to any product whatsoever. If an article is worthless we practitioners ought to be the first to know of it and if it is efficacious we are in duty bound to recommend it for the welfare of our patients. A study of the composition of the Nuxated Iron formula so impressed me with the therapeutic efficacy of the product that I immediately tested it in a number of obstinate cases. So quickly did it increase the strength, energy and endurance of the patients to whom it was administered that I became firmly convinced of its remarkable value as a tonic and blood builder. I have since taken it myself with excellent results. There are thousands of delicate, nervous, run-down folks who need just such a preparation as this but do not know what to take. Therefore I have urgently suggested the widespread publication of the sworn statement of the composition of its formula so that the public may know what they are taking. This complete formula is now to be found in newspapers throughout the country. It is composed principally of organic iron in the form of iron peptonate of a special specific standard and glycerophosphate which is one of the most costly tonic ingredients known. To the credit of the manufacturers it may be said that they use the most expensive form of iron peptonate, whereas by employing other makes they could have put the same quantity of actual iron in the tablets at less than one-fourth the cost and by using metallic iron they could have reduced the cost to less than one-twelfth, but by thus cheapening the product they would undoubtedly have impaired its therapeutic efficacy. In my opinion a careful examination of this formula by any physician, or pharmacist should convince him that Nuxated Iron is to be placed among the very highest class and most strictly ethical preparations known to medical science. It excels anything I have ever used for building up the system and increasing the red blood corpuscles thereby enriching and fortifying the blood against the ravages of disease."

For sale in this city by H. P. Dunn, all good Druggists.

## Maytag ELECTRIC WASHER

Insist on MAYTAG and you will be repaid for having waited. Because this machine is a revolution. It is the perfected product of years of experience in the mechanical washer business. It is the latest on the market. Mr. Roberts, Factory Demonstrator, will be here for 5 days. Come to our store for a demonstration.

**\$10 down, \$10 per month**

You cannot realize what a wonderful opportunity this sale really is, until you see this advanced-type washer in actual operation. It is a duty you owe to yourself to learn all about the Maytag. Don't put it off. Sale closes soon.

## "MAKING OVER" OLD HOUSES

Architects Have Shown That They Can Do Wonders With Present Unshightly Structures.

There never was a time when the services, taste and special knowledge of the trained architect were more needed or more in demand. The carpenter and builder have for years been the consulting experts in the building of thousands of suburban homes and farmhouses, and let us give them credit, at least, before the jig saw era, for many beautiful and charming old houses.

Following the building shortage in these latter years has come an appreciation of the fact that any old house, or new, be it as hopelessly ugly as it may be, has possibilities. Architecture has shown many instances of "before and after" of old ramshackle, barnlike structures, altered into most delightful homes. Old barns have been made over into charming studios and living quarters, woodsheds incorporated into the redesigning of an old farmhouse. Everywhere is shown a wider appreciation that nothing is impossible to the architect of taste and skill.

The old and hopelessly ugly city brown-stone house and the little two or three-story brick house or stable on a side street have been made into artistic and attractive apartments or studio buildings.

It is to the architect that we owe this renaissance and we have only made a beginning toward the development of the city beautiful from old and unsightly and out-of-date structures. Let some should say that we are dealing with merely idealistic matters, with our own desire for better things artistically, we remark that in every instance these "artistic" improvements have proved the very best of business in increased rents and more desirable tenants.

If the cost of new buildings has deterred many from carrying out their long-cherished dream of owning their own home, there is abundant opportunity almost everywhere for the alteration of old places at very moderate cost. And old houses nearly always offer the nucleus of a more substantial structure than many hurriedly built modern houses put up in quantities for speculative purposes.—From Architecture.

## CITY'S BILLBOARDS MUST GO

Cincinnati Commissioner Prepares for the Removal of Signs, Under a Court Order.

Orders for the removal of all billboards from the residential sections of Cincinnati are being prepared by George E. Hauser, city building commissioner, according to the Christian Science Monitor. Commissioner Hauser's action is based on a recent decision by a judge of the Common Pleas court, that the municipal ordinance restricting billboards is retroactive. This ordinance requires a petition containing the consent of 51 per cent of the property owners in any residential block before a permit for the erection of a billboard may be granted. The judge held that this regulation applied to billboards erected before the passage of the ordinance. Commissioner Hauser points out that under this interpretation the residents of each block have it in their power to rid themselves of objectionable billboards by refusing to sign the consent petitions which the billboard interests are hurriedly circulating.

## Atmosphere Above Earth's Surface.

The atmosphere is believed to extend much more than 100 miles above the earth's surface. Its density decreases rapidly for the first few miles of ascent, then much more gradually. From the phenomena of twilight, due to refraction of light, it may be demonstrated that the air extends up to a height of 45 miles; but other phenomena, such as the behavior of meteors and the aurora, show that rare air exists at a much greater height.

## NORTHWEST NEWS

Grand Forks, N. D., June 23.—The grain laws of North Dakota will be discussed by J. F. T. O'Connor, democratic candidate for governor before the Grainmen's Union tonight. Tomorrow, Dr. E. F. Ladd, nonpartisan candidate for Senator, will talk on state owned mills and elevators. H. L. Bolley, agricultural college will speak on pure seed, and Ralph Pickell Chicago, will talk on future trading hedging.

## Farmers Picnic

Hastings, Minn., June 23.—Dakota county business men and farmers joined in a county picnic at Antler's Park today. A livestock and farm products exhibition will be staged in connection with the picnic and hundreds are expected to attend.

## Begin Big Power Plant

Winnipeg, Man., June 23.—Preliminary work has started on a \$20,000,000 power plant near Lillooet, B. C., the development of the Bridge River power site. It will require a tunnel a mile and a half long under Mission Mountain in the Selkirk range of the Rockies, discharging into Seaton lake, six miles from Lillooet. The fall will be 1,400 feet and an estimated horse power of 400,000 will be developed.

## Wind Mill Power

Wynmore, N. D., June 23.—George Manikowske, young farmer near here has harnessed the North Dakota winds and is making them do the farm chores. His windmill stores up the hitherto wasted energy of the prairie winds and converts it into cheap power.

Some years ago Manikowske conceived the idea of charging a battery by driving an electric dynamo while the wind was blowing. The windmill he developed is used with equal success in North Dakota and Florida.

On the O. J. Sells farm near Jamestown this windmill furnishes light for 120 incandescent lights, runs washing machines, a churn, evaporator, fanning mill and pumps.

At Havana the windmill furnishes the power for the Utilities plant. In Florida, Mr. Root, editor of the magazine, "Gleanings of Bee Culture" is using a Manikowske windmill to defeat the high cost of gasoline. He uses it to charge his electrical automobile.

## No Chances at All for Joy.

Junior had spent several weeks one summer visiting a favorite aunt who lived in the suburbs, and he was reminiscent of those happy weeks when he again paid her a visit. However, she had moved, and now lives in a flat. When Junior came home he voiced his grievance to his father, saying: "There wasn't no room to move around in; why, they didn't even have any kids in that building to fight with!"

## NOMINATE McADOO DESPITE OBJECTIONS

(By United Press)

Kansas City, Mo., June 23.—Wm. McAdoo will be placed in nomination for the presidency before the democratic national convention in San Francisco despite his personal objection. Dr. Burris Jenkins declared today. He said the Missouri delegation demanded it and that McAdoo could not refuse.

## Importance of trees.

When we have once had our interest in trees awakened and have considered their various uses and helpfulness to man, we are glad to learn something of their ways and how their troubles may be remedied. Trees help to keep the soil in place on hillsides. They hold to its course the wayward brook. They furnish shelter, shade and cozy nesting-places for the birds; we should have few little feathered friends if it were not for trees. They are companionable, and like to grow where they can rub branches with their fellows; they give a refreshing shade in the summer and protection in the winter, and they have character and individuality. It is well worth our while to save them from destruction, as well as to help restore the forests which have been ruthlessly cut down.

## Good Advice.

An aged Scot told his minister that he was about to make a pilgrimage to the Holy Land. "And when I'm there," said the pilgrim complacently, "I'll read the Ten Commandments aloud from the top o' Mt. Sinai." The minister looked at him with an eye of pity, and said: "Sandy, tak' my advice: Hide at home and keep them."

## Traced Source of Seaweed.

When the Sargasso sea was first discovered it was thought that the seaweed grew on the bottom of the ocean right on the spot. We know better now. The algae, whose scientific name by the way is *Fucus maritimus*, has its origin on the rocks of South America and Bahama Islands. Vast forests of the algae grow on these tropic coasts.

## Old But Feels Like New

J. E. Williams, 1035 E. Boulevard St., Colorado Springs, Colo., writes: "I feel lots better since I started to take Foley Kidney Pills. I am 73 years old, and as far as that trouble I am a new man." Foley Kidney Pills strengthen and restore the kidneys and bladder to healthful activity. —A. P. Dunn.

## How's This?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Medicine.

Hall's Catarrh Medicine has been taken by catarrh sufferers for the past thirty-five years, and has become known as the most reliable remedy for Catarrh. Hall's Catarrh Medicine acts thru the Blood on the Mucous surfaces, expelling the Poison from the Blood and healing the diseased portions.

After you have taken Hall's Catarrh Medicine for a short time you will see a great improvement in your general health. Start taking Hall's Catarrh Medicine at once and get rid of catarrh. Send for testimonials, free.

## COUNCIL HAS SHORT SESSION

Petition Considered for Grading Elder Street and Tenth Northeast in Sections

**PARKING ORDINANCE IS UP**  
Mass Meetings Called by Aldermen to Consider Paving in Various Wards of the City

All members were at the council meeting except Alderman Witham. Property owners presented a petition asking for grading Elder street from Mill to 10th Northeast, and Tenth from Elder to Walker. It was referred to the street committee and city engineer to report on at the June 24th special meeting.

Rev. E. A. Cooke, pastor of the First Methodist church, addressed the council for the use of a room in the city hall to carry on a branch of church work which including disposing of old clothing gathered about the city. It was taken under consideration.

A letter from D. A. Lindsey, an agent of the State Board of Control, called attention to the need of painting interior and cellwork of the city lockup and providing jail with a register. It was referred to the city property committee.

Special police on duty during the storm were ordered paid 50c an hour.

F. H. Simpson resigned from the board of health and the resignation was accepted.

The lease with R. D. Stitzel for occupancy of the Brainerd Commercial College was ordered signed.

Ordinance No. 391 relating to the parking of cars, that none be allowed nearer than ten feet to a hydrant, received its second reading.

The finance committee reported on paving. The First, National and Brainerd State banks would each take some of the paving bonds.

Aldermen announced mass meetings would be held on the paving. One is called for 7:30 Wednesday evening at the Southeast Brainerd hose house to consider Oak street. Others were set for Thursday evening at the Northeast Brainerd hose house, to consider Kinderhook street and paving.

Contractors are to be given authority to work on Kinderhook street provided half the property owners will sign up for their proportion of the paving.

Mayor Little announced the appointment of Oscar Riesberg as patrolman, which was confirmed by the council. The mayor named John Beugnot as temporary traffic police.

Payrolls and a number of minor bills were allowed.

## STORES WILL PROBABLY NOT CLOSE

The stores in Brainerd will probably not close on community picnic day June 25th owing to the fact that there will be a great many farmers in Brainerd on June 25th who will wish to do their trading on that day instead of coming to town again on Saturday and as the Clerks Union decided not to change their picnic day to celebrate on the 25th of June, the merchants have taken no concerted action to close up on that day and although it has been rumored that the directors of the Brainerd Business Men's Association had requested all business houses to close, no such request has been issued, so it is up to each individual merchant to do as he pleases in regard to the matter.

## PINE RIVER MAN ATTEMPTS SUICIDE

Little Falls, Minn., June 23.—E. E. Hurd, of Pine River, attempted to commit suicide on Northern Pacific train number 9 just as it pulled into the station at Little Falls this noon, by slashing his throat with a pocket knife. He was rushed to the hospital. His condition is critical.

## Fans in History.

In India the fan is most common and there are servants that do nothing else but follow their masters about with a punkah, a kind of large screen, with which they attempt to cool the atmosphere. In the early ages there were ecclesiastical fans, used to keep the flies from the sacred bread and wine and when the pope of Rome goes forth in state large feather fans are carried, but are not used in the mass as they were in the Middle Ages.

## Moon's Time for Sleep.

A little girl of three, seeing a cloud of smoke enveloping the moon, said, "Auntie, the moon is going to sleep now; see 'em pulling the sheet up over it?"

## RETURNS 45 OUT OF 50 PRECINCTS

Shipstead in Unofficial Figures is Leading Over Preus in Crow Wing County

ABOUT 100 VOTES TO HEAR FROM

Little Has Polled 1558 Votes in Crow Wing County and Knutson's Total Was 1439

Up to 11 o'clock Wednesday 45 out of 50 precincts had been heard from in Crow Wing county. The missing precincts total about a hundred votes and include Emily, Allen, Fairfield, Watertown and Ross Lake. Their returns are expected late Wednesday.

Here are totals 45 out of 50 precincts, all unofficial:

Republican Governor—Preus 1289, Shipstead 1400, Frankson 116, Ellsworth 80, Iverson 98, Keefe 66.

Lieutenant Governor—Collins 1,434, Mallon 1557.

Secretary of State—Holm 1013, Opsahl 701, Vollom 1179.

Treasurer—Rines 1517, Lund 1438, Attorney General—Hilton 1118, Larson 285, Sullivan 1296, Patterson 133, Smith 189.

Railroad Commissioner—Jacobson 1521, Ostby 1397.

Congress—Little 1558, Knutson 1439.

Associate Justices—Dibell 1134, Johnson 690, Siegel 873, Vanderburgh 225.

Democratic Governor—Andrist 5, Hagardine 16, Hodgson 38, Andrehus 15, Quane 15, Thorson 16, Jaques 11.

Secretary of State—Burmester 64, Loeffler 31.

## COUNTY UNOFFICIAL ELECTION TOTALS

2:15 P. M.—Crow Wing county complete, all precincts, have now been received and the following unofficial totals have been compiled. The canvassing board was called to meet this afternoon and is now in session at the courthouse. The official totals cannot be announced until the vote is canvassed and it will be completed some time Thursday. The unofficial are:

Republican Governor—Preus 1322, Shipstead 1439, Frankson 122, Ellsworth 80, Iverson 99, Keefe 68.

Lieutenant Governor—Collins 1472, Mallon 1567.

Secretary of State—Holm 1044, Opsahl 709, Vollom 1214.

Treasurer—Lund 1481, Rines 1,552.

Secretary of State—Hilton 1145, Larson 292, Patterson 134, Smith 194, Sullivan 1331.

Railroad Commissioner—Jacobson 1559, Ostby 1427.

Congress—Little 1585, Knutson 1484.

Associate Justices—Dibell 1157, Johnson 706, Siegel 892, Vanderburgh 228.

For Democratic Governor: Hodgson 38, Hagardine 16, Thorson 16, Andrehus 15, Quane 15, Jaques 11, Andrist 5.

Secretary of State—Burmester 64, Loeffler 31.

## ST. CLOUD VOTE

St. Cloud Journal Press Comments on Congressional Figures at Granite City

"Harold Knutson and Louis L. Collins, the former nominated on the republican ticket for re-election to congress and the latter nominated for lieutenant governor, received a splendid endorsement in the city of St. Cloud and carried Stearns county by healthy majorities. Knutson, with 31 of the precincts of the county reported, had a margin of 991 over Mayor Little of Brainerd, his opponent and the choice of the nonpartisans.

"In the city of St. Cloud in Stearns county Knutson received 995 votes and Little received 482. Louis Collins received 1011 votes and Mallon his opponent and the nonpartisan candidate, received 353.

## Notice to Contractors

Proposals will be received up to 10 o'clock, A. M., July 10, 1920, for the construction of a basement for an addition, approximately 40 by 80 feet, to the brick consolidated school at Pequot.

Plans are on file at the Builders' Exchanges in Minneapolis and Duluth, and with the Architect, E. F. Broomhall, 710 Alworth Bldg., Duluth, Minn.

If interested, write the undersigned for copy of official notice.

BENN A. WAGNER, Clerk, Pequot, Minn.

## For Shipstead

Morrison county, 43 out of 46 precincts, gave Preus 1108 and Shipstead 1229.

## TO VOTE ON PERMANENT SECRETARY

Chamber of Commerce Regular Session This Evening and Large Attendance Desired

FRANCIS B. RANDALL APPLIES

Meeting at Chamber Called for 8 O'clock Tonight to Act in Matter

(By Secretary Chamber Commerce)

The regular meeting of the Chamber of Commerce is scheduled for this evening. It is a very important meeting because of the fact that an applicant for the position of permanent secretary of the club will be voted upon.

The man asking for this position is Francis B. Randall, now connected with the Elks club in Minneapolis. Although Mr. Randall has never had any experience in civic and commerce work, still he is desirous of taking up this line of endeavor, believing that his past experience as a clerk, as assistant manager of a large hotel, with the A. E. F. in France, and with the Elks club, fits him for Chamber of Commerce work.

Mr. Randall has placed with the club's committee some very good recommendations from past employers and others who know of his ability.

The members of the Chamber of Commerce have not had an opportunity of meeting this man to date, but D. D. Schrader chairman of the special committee on a permanent secretary states that in an interview with the applicant he was very favorably impressed.

Two other applications for the position of secretary have been considered, but no action will be taken on them until Mr. Randall's case comes up before the club to be voted upon this evening. It is hoped that the members will make a special effort to attend this meeting, since the election of a secretary is a very important matter, which should not be left to a small turn out to be voted upon which would mean that only a minority representation had expressed its opinion. Each member should take sufficient interest in the future welfare of the club to come out to this meeting and cast his vote in the way as he feels it to be the best interests of the club. The meeting is called for 8 o'clock sharp.

## EAT LESS MEAT IF BACK HURTS

Take a glass of Salts to flush Kidneys if Bladder bothers you—Drink lots of water.

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the ureic acid in meat excites the kidneys, they become overworked, get sluggish, clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.

## Consistent Service

There is one certain method of securing the good will of worth-while folks and that is to render to them a consistent service that is faultless in every respect

D. E. WHITNEY  
DIRECTOR OF FUNERALS  
720 FRONT ST.  
BRAINERD, MINN.

## COMMUNITY PICNIC PRIZES ANNOUNCED

Farmer Traveling the Longest Distance to Attend the Picnic Gains Tire Repair Outfit

HORSE SHOE PRIZE \$30 VEST

Farmers Club Sending the Largest Number of Members Gains a Case of Assorted Cookies

Prizes have been announced for Community Picnic at Lum park, Brainerd, Friday, June 25, in part as follows:

For the farmer traveling the longest distance to attend the picnic a vulcanizing and tire repair outfit.

For the horse shoe tournament a \$30 leather vest.

For the farmers club sending in the largest number of members, a large case of assorted cookies.

For the farmer bringing in the largest family, a case of canned peas.

For the tug of war, a box of extra good cigars.

Other prizes of merchandise and canned goods, etc., equally as good are being secured. Cash prizes are also being donated.

The picnic starts at 10 o'clock. The program includes Brainerd Municipal band music in the morning and the speaking in the afternoon.

## "For Those Nasty Summer Colds"

An irritating bronchial cough breaks your sleep and lowers strength and vitality. Foley's Honey and Tar soothes and heals raw, inflamed membranes, stops tickling in throat, eases stuffy, wheezy breathing and is the best remedy for all colds, coughs, croup and whooping cough. Contains no opiates. Children like it. H. P. Dunn, mwf

# Sale Prices Still Rule

Have you filled your Furniture needs for the balance of this year while our Big Sale is on? If not, Why not?

Said Mrs. Wilson:

"Do you know, Nellie, I really believe that some women neglect one of the real essentials. They will spend all kinds of money on their wearing apparel, knowing that friends and acquaintances will tend to judge them by the good taste or lack of it. That they display in selecting their garments. For whether we like to admit it or not, we are unconsciously influenced by outward appearances, and it's natural to like pretty things to wear. But some women fail to realize that their homes reflect their individual traits and preferences. Just as surely as do their clothes. And it's in the home impression is made upon those whose good opinion is valued most. Furniture and furnishings, with little individual touches in their arrangement, can instantly tell just what we ourselves think of our homes. I have often thought how really important it is to have our homes express the friendliness and hospitality we want our guests to feel. Take the bedroom—It should always be much more than 'just a place to sleep.' The furniture—Oh lustrous mahogany or beautiful Walnut—The quiet tones of the draperies—The cushioned softness of a colorful rug—Can say understandably: 'Come in, friend, and Thrice welcome.'"

"My sentiments exactly," responded Nellie to Alice. "I talked to Fred about this very matter just the other evening—And we're to have a new bedroom suite before FITZSIMMONS & WAGNER BIG SALE CLOSES."

Have you seen the complete 4 piece Walnut Suite we are showing \$175 At . . . . .

\*\*\*\*\*  
 Hornsby, Mighty Batter,  
 For Whom an Offer of  
 \$200,000 Was Refused  
 \*\*\*\*\*

Rogers Hornsby

The high cost of baseball players is still rolling up. Here is Rogers Hornsby, the young infielder, for whom the St. Louis National League Club has refused an offer of \$200,000. The reason is that he has been leading the National League batters by a mile. Those who like to delve into baseball history have informed us that Charles Webb Murphy, fifteen years ago bought the entire Chicago club—including such stars as Brown, Evers, Overhill, Tinker, Steinfield and Scheckard—for \$195,000.

## Life's Real Meaning.

As the sun rises every soul is born again, and the new day gives us a chance to begin all over again. We can do and be what we will to do and be for the entire day. We can make it a red-letter day if we try hard enough. This is the way of growth. And if life does not mean growth, enlargement to us, then we have missed its higher meaning.—Orison Swett Marden in Chicago Daily News.

## NOTICE OF SALE

Public notice is hereby given that sealed bids for the purchase of Thirty-three Thousand Four Hundred Dollars (\$33,400.00) Permanent Improvement Revolving Fund Bonds of said City of Brainerd, Crow Wing County, State of Minnesota, will be received and considered by the City Council of said city on the twenty-fourth (24) day of June, 1920, at eight o'clock p. m. at the Council Chambers in said City of Brainerd; and Fifty-four Thousand Dollars (\$54,000.00) Re-Paving Certificates of indebtedness of the said City will be received and considered by the City Council of the said City on the twenty-fourth (24) day of June, 1920, at eight o'clock p. m. at the above mentioned place; and that said bonds are to be issued for the purpose of maintaining a Permanent Improvement Revolving Fund, and that said Re-Paving Certificates of indebtedness are to be issued for the purpose of maintaining a Permanent Improvement Fund; said bonds are to be dated July 1st, 1920, and to be in the following denominations: Thirty-three, One Thousand Dollar (\$1000.00) bonds; and One Four Hundred Dollar (\$400.00) bond, bearing interest at the rate of five (5) per cent per annum, payable semi-annually, and to mature and be payable July first (1st), 1930, and said Re-paving Certificates of indebtedness are to be dated July first (1st), 1920, and be in the following denominations: Fifty-two, One Thousand Dollar (\$1000.00) Certificates; and Eight, Two Hundred Fifty Dollars (\$250.00) Certificates, and bear interest at the rate of six (6) per cent per annum, payable semi-annually, and to mature and be payable as follows: Six Thousand Two Hundred Fifty Dollars (\$6250.00) payable on the first (1st) day of December, 1921, and Six Thousand Two Hundred Fifty Dollars (\$6250.00) on the first (1st) day of December of each and every year thereafter up to and including the first (1st) day of December, 1928; Four Thousand Dollars (\$4000.00) payable on the first (1st) day of December, 1929, both principal and interest of said bonds and certificates to be payable at The First National Bank of Brainerd in the City of Brainerd, Minnesota.

All tenders to purchase must be without condition or qualification, and be accompanied by an unconditional certified check in the amount of five (5) per cent of the amount of the bid therefore, the City Council reserving the right to reject any and all bids therefore.

Bids should be addressed to the undersigned.

This notice is given by authority of a resolution adopted by the City Council of the said City.

Dated at Brainerd, Minnesota, this ninth (9) day of June, 1920.

(Signed) SEVERN SWANSON,  
 City Clerk

## FUTURE AUTO MOTIVE POWER

Interesting Speculation as to What Will Take the Place of Fast-Diminishing Gasoline.

Gasoline will continue to go up in price. A few years from now we shall have to use something else as fuel for our automobiles. The question is, what?

The government bureau of mines thinks that we shall get the requisite substitute from coal. In every city there will be "by-product coke ovens," which will extract from the coal a light oil available for the purpose. The coke can then be used in our furnaces and for other ordinary fuel purposes.

One ton of soft coal in the process of coking yields about three gallons of oil first rate for motor fuel. At present prices the heat in the oil has 20 times the commercial value of the same amount of heat in the form of coal.

Germany during part of the war was practically shut off from every supply of mineral oil. She depended for her motor fuel entirely on coal, putting the latter through by-product coking plants. Before long we shall be obliged to do the same thing in the United States.

Part of the light oil in coal is taken, which in time of war is needed for the manufacture of TNT. Modern warfare requires enormous quantities of the substance for making high-explosive shells. During the first part of the war the allies came near defeat for lack of it.

Another by-product from the coking of one ton of soft coal is 5,000 cubic feet of gas, available for cooking and other household uses. The coke itself makes an admirable smokeless fuel for furnaces, if people could only be persuaded to use it.

## Something Like Cold!

A commercial traveler gives a terrible account of the intense cold in Sweden: "In Haparanda, the day before I left, I attended a performance at the theater. It was a tragedy. Everybody went; but it was so cold that the tears of the spectators in the gallery fell like hailstones among the occupants of the stalls."

## Ancient Musical Instrument.

It seems not unlikely that the earliest form of the harp was the instrument we call a lyre. The latter was possibly the first of all stringed instruments. One finds it represented on the monuments of ancient Egypt and though so long obsolete, it often appears in modern architecture as a decoration.

## Grades of Witches.

In the olden times there were three classes of witches. The black witch was a harmful affair, and the white witch was a helpful spirit. Then there was the gray witch who was sometimes harmful and sometimes helpful. Indictments against persons accused of witchcraft had to state the complexion of the spirit that bewitched.

**Ford**  
 THE UNIVERSAL CAR

## Buy Your Ford Car Now

To make sure of getting a Ford car, buy one now. Don't wait any longer but buy now while deliveries are possible. Even next month is an uncertainty.

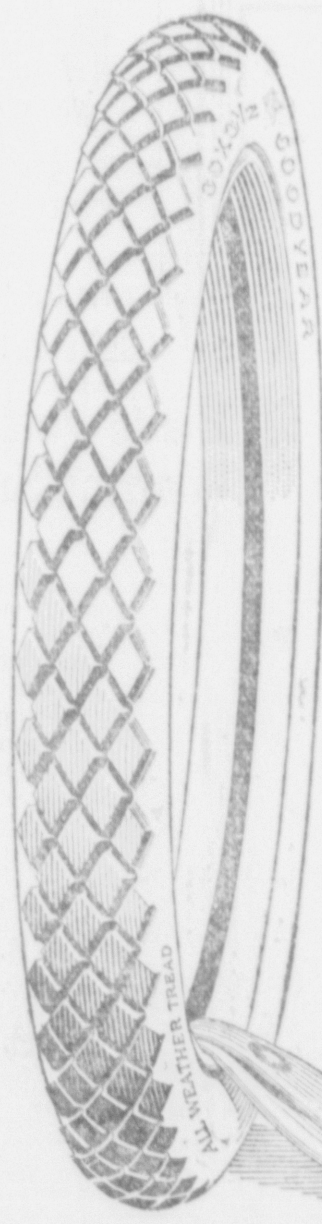

The number of Ford cars allotted to this territory is limited and specified. Even to get our allotment, we must have real, bona-fide orders for cars. Just so many cars allotted us; just so many will get cars; will you be one of them? Those who order their cars now will be protecting themselves. If you would be forehanded, get your name on an order today.

Don't think you cannot use it now. The four seasons are all alike to the Ford car. It is a necessity every month of the year. Besides, the Ford car is lowest in upkeep cost and easiest in operation. And the new Ford electric starting and lighting system makes driving more convenient. Your order for either open or enclosed cars will have our prompt attention.

## You Can Get Goodyear Tires for That Sturdy Smaller Car

Of all Goodyear's notable accomplishments in tire-making none exceeds in high relative value of product the Goodyear Tires made in the 30x3-, 30x3½-, and 31x4-inch sizes.

These tires afford to owners of Ford, Chevrolet, Dort, Maxwell, and other cars taking these sizes, the important benefits of Goodyear materials and methods employed in the world's largest tire production.

Your nearest Goodyear Service Station Dealer offers you in these tires a degree of performance and satisfaction only possible as a result of such extraordinary manufacturing advantages.

Go to this Service Station Dealer for these tires, and for Goodyear Heavy Tourist Tubes. He has them.

30x3½ Goodyear Double-Cure  
 Fabric, All-Weather Tread \$23.50

30x3½ Goodyear Single-Cure  
 Fabric, Anti-Skid Tread \$21.50

Goodyear Heavy Tourist Tubes are built to protect casings. Why endanger a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30x3½ size in waterproof bag \$4.50

## Europe Takes to Chewing Gum.

The jaws of Europe are wagging on American chewing gum. Efforts were made at different times to popularize chewing gum in the countries of Europe, but always without success until the American soldiers took some over there, after which the gum-chewing habit became a veritable craze. Chewing gum to the value of \$2,164,290 was exported by the United States during the year 1919, and England was the heaviest purchaser. During the war chewing gum became very popular in the munitions factories of England, where it took the place of tobacco, smoking being barred.

## Probably So.

"Everything has been said, even on the subject of loss."  
 "On that subject, however, the girl interested is apt to find the beginner quite as convincing as Shakespeare."—Louisville Courier-Journal.

## Famous Pennsylvania City.

In the belfry of the ancient courthouse at York, Pa., hung a bell given by Queen Anne to St. John's Episcopal church. This bell was rung when the Declaration of Independence was signed, when Cornwallis and Burgoyne surrendered and when Washington passed through York. The bell is now on view in the vestibule of St. John's church. In the Presbyterian cemetery in York is buried James Smith, a signer of the Declaration of Independence and captain of the first military company organized in Pennsylvania to fight Great Britain.

## Faith Before Doubt.

As a general thing, the reason a man thinks he's having a good time when he is spending a lot of money is because he knows he will doubt it next day.—Dallas News.

## An Average Man.

"What is your idea of the average man?" "In a city he's a fellow who's always waiting for the raise that never comes; takes his meals off the arm of a chair until he gets married and after that eats in the kitchen with his coat off; never spends more than 50 cents on amusements in one day, until after he's married, and then never spends more than a quarter, and whenever there's a street parade downtown he's always somewhere along the line of march."—Birmingham Age-Herald.
